

On The Go
Solutions

We're at home creating on-the-go solutions

Design is at the heart of everything we do here at Space Group. We are experts in providing tailored, flexible, on-the-go solutions for operators looking to enhance their catering offer. All of our on-the-go solutions are fully bespoke to your requirements. Customisation starts from the type of unit that you choose and goes right through to the selection of the integrated equipment and finishing touches such as exterior decoration and branding.

Whether it's a temporary or permanent structure that suits your needs, creating a small grab and go coffee cart, a self-serve micromarket or even something a little bit more specialist has never been so simple.

Advantages of on-the-go solutions

- Provide new revenue streams in satellite locations across your site
- Reduce pressure on your main catering unit
- Can be used to support during peak times or seasons
- Provide a dynamic outlet for trialling alternative offers and keeping up to date with changing trends
- Smaller operations such as these require fewer staff to manage
- Lower upfront costs and smaller footprint than a full kitchen and restaurant scheme

Catering Pods

Delivered ready to trade, providing you with instant access to a new revenue stream. Our pods are designed to be easy to manage and can help you to achieve high output and ease of service, weatherproof and fully secure when not in use.

About Catering Pods

Benefits:

- Immediate access to a new revenue stream
- Enables you to offer a variety of food and beverage options
- Significantly smaller footprint than full cafeteria scheme

Key Features:

- Weatherproof
- Secure when not in use
- Equipment specified to your needs
- Only requires single phase electrical supply and cold water supply

Materials & Fixtures:

- Interior: Steel-lined panels with PVCu food safe coating
- Exterior: Weatherproof protective coating (can be vinyl-wrapped or clad)
- Slip-resistant floor
- Lighting and 6 x double sockets as standard

Option 1

1-window operation to include:

- Handwash basin
- Fly killer
- Stainless steel bench

Optional extras include your choice of:

Cooking equipment, extraction, coffee equipment, fabrication, ambient / chilled / heated displays

White / grey / black exterior finish as standard - cladding and custom colour options are available

Option 2

2-window operation to include:

- Handwash basin
- Fly killer
- Stainless steel bench

Optional extras include your choice of:

Cooking equipment, extraction, coffee equipment, fabrication, ambient / chilled / heated displays

White / grey / black exterior finish as standard - cladding and custom colour options are available

Grab and Go

Micromarkets

With in-house interior design & manufacturing capabilities, we can take your underutilised space and transform it into a new catering solution.

Before

About Micromarkets

Micromarkets are unmanned 24/7 self-service retail spaces that can be integrated into any organisation. They provide customers with a variety of food and beverage options in a fast, cost-efficient and flexible way. Due to the ease they offer the consumer, micromarkets have been shown to increase average spend per transaction.

Benefits:

- Lower upfront costs
- Enhanced customer experience
- Flexible layouts and offerings
- Requires smaller footprint than a full cafeteria scheme
- Staff remain on site for breaks

Key Features:

- CCTV
- Automated payment options
- Flexible layouts and offerings
- Equipment specified to your needs
- Unit options for ambient / chilled / hot food offerings
- Endless design and finish possibilities

After

Payment Bay

Coffee Stations

These coffee stations are a great solution to enhance your food & beverage offer. They offer the ability to ease congestion in busy catering or retail environments by improving the customer flow and taking advantage of underutilised spaces.

Benefits:

- Lower upfront costs
- Flexible design & operation
- Compact food and beverage offer

Key Features:

- Customised design and branding
- Equipment specified to your needs

Bespoke Solutions

Whether you need a solution for your food and beverage or retail operation, Space have a number of temporary or permanent pop-up stands that can be set up within a 24hr period. Modular, based on our existing designs, or something completely bespoke, we can design and deliver the perfect solution for your business.
